Reed's Metals Masters Program Overview

Reed's Metals Masters are loyal contractors committed to providing exceptional customer services, promoting the benefits of metal roofing, and using high-quality, manufacturer-recommended installation techniques and materials. Reed's Metals Masters contractors will receive professional training on residential metal roofing, discounted product purchases and have access to many resources designed to help grow their business and distinguish themselves from the competition.

For those outside the metal roofing industry, this certification program offers a great opportunity to learn about the industry and experience practical, hands-on training in the topics most roof installers are required to know. Participants can experience quality face-time with industry experts and hands-on training in topics including: substrates, safety, sealants, flashings, panel types and connections, tools, fasteners, maintenance and more.

Become a Reed's Metals Master Today!

REED'S METALS MASTERS PROGRAM OFFERS HANDS-ON-TRAINING FOR THROUGH FASTENED AND STANDING SEAM PRODUCTS.

Upon successful completion of the training program, a qualified individual will be presented with Reed's Metals Masters Certificate of Completion. As part of our new loyalty program, Reed's Metals Masters contractors will receive professional training on residential metal roofing and a 3% discount on products purchased with Reed's Metals. As an added bonus, contractors will be added to the Reed's Metals website "Find a Contractor" page for a free listing and lead generating opportunities.

The fee is \$250, due upon activation of the membership. After initiation, to remain active in the program, Contractor shall maintain a minimum purchase level of \$2,500.00 of Products per year (measured on an annual basis from the Effective Date of the Agreement), or, if such purchase level is not met each year, Contractor shall pay an annual fee of \$250.00.

REED'S METALS PROVIDES CUSTOMIZED SERVICE TO KEEP YOU UP TO CODE, ON TIME AND UNDER BUDGET.

For over 23 years, Reed's Metals has been providing metal roofing, walls, trims, framing, purlins, accessories and pre-engineered steel buildings for residential, commercial and agricultural applications.

Reed's Metals is dedicated to providing the highest quality materials available. That is why we choose prime steel. Our colored roofing panels offer a true 29 & 26 gauge AZ-50 and AZ-55 galvalume steel substrates. These are backed by a 45-Year industry leading written warranty with no coastal setbacks. And a 25-year written Warranty on acrylic-coated galvalume. This coating offers superior color stability, chalk resistance, fade resistance, and gloss retention.

Reed's Metals specializes in "on-site" roll forming for standing seam metal roofing projects at competitive prices with over 20 colors in stock. These panels have a smooth appearance and superior watertightness because they use concealed fasteners.

For over 23 years, Reed's Metals, headquartered in Brookhaven, Miss., has been an industry leading provider of metal roofing systems, metal roofing panels, pole barns, and pre-engineered steel buildings in the South. Reed's is comprised of 9 manufacturing sites utilizing state-of-the-art technology and fabrication methods to provide unprecedented quality and service--offering same-day availability on standard roofing orders and in-stock supplies, on-site roll-forming for standing seam projects, and job-site delivery within 72 hours on most projects. Our offerings include pre-engineered metal buildings, post-frame structures, tube building structure and storage solutions. Our quality products come with an industry leading warranty, and we have a huge selection with over 20 colors and 10 metal panel profiles available. The continued growth and success of Reed's Metals is due to our dedicated employees and our loyal customers who have chosen and installed our residential, agricultural, commercial and industrial products all across the region. Customer service is and will remain our top priority! Reed's Metals was awarded the Metal of Honor 2021. We are truly honored.
